All teachers in CCT are so friendly. So learning here becomes easy. All team is so supportive. Weekly tests were regularly conducted. Which helped us to focus on our weak points & strong points. At the end of the year regular mock tests were conducted, which helped us to adapt with exam environment. Doubts solving is regularly done. We got guidance by Dr. Abhang Prabhu Sir, Prof. Avinash Mishra Sir. Which helped me to achieve great success.

Sairaj Mane
NEET , 686/720
State Rank - 2
(PCB Topper 2019)

I choose to learn from the best. When it comes to success in NEET. Clear Concepts Tutorials is at another level. The whole team is skilful, humble, passionate and excited to show the right way to students. Presentation of topic, hidden tricks, unusual and easy-to-learn shortcuts and thorough detailing of the subject are the noteworthy aspects of this team. Textbooks can prescribe writing basics, but there's no replacement for the teacher that can say, "This is what i do and it led to these results." Motivation we received just got the better out of us. Life is guaranteed to become better, such is the hallmark of clear concepts tutorials".

Ruturaj Rane
NEET 601/720
(PCB Topper 2018)

Joining CCT was a very satisfying experience. Teachers themselves have crystal clear concepts of their respective subjects. Teachers simplify all subjects and learning is made easier. Best part of the class is ample amount of practice tests are taken and result is put up immediately. This helped us in time management and created competitive environment and so I could score good marks in NEET 2017

YASHRAJ PATIL
NEET 651/720 (PCB topper 2017)

I find myself very lucky that our batch was the first to get the best possible guidance for Medical entrance in sangli through CCT. All thanks to the entire staff of CCT. Each and every difficulty was solved by our teachers. Thank you for taking such great initiative in solving the Neet matter by filing court case. It was impossible to realize our dreams if we were not guided by CCT team.

Sagar Pawar
MHT-CET 195/200
